

**COVID-19 - Self Isolation**  
**Help for our villages seniors and anyone else Needing Support**

You may have seen media coverage of groups setting up to assist seniors and others needing help and whilst we are in 'Self Isolation'. This is particularly relevant in rural communities.

We are pleased to advise that Lower Hardres and Nackington Parish Council together with some kind volunteers are launching a help facility. Points of contact are as below but we would welcome any additional volunteers to get in touch with those shown '\*'

This support can be anything from facilitating / delivering shopping or medications to simply someone to talk to on the phone or on the doorstep (keeping a safe distance) or dog walking etc.

Our own Farm Shop Team have very kindly offered to set up a dedicated weekly service when the shop will be open exclusively to seniors. They will open half an hour early (8:30) on Thursday mornings when seniors can come and shop before their normal (full) opening at 9:00. If seniors are worried about entering the shop, the staff will take orders and bring it out to their car for them.
